Going into my 7th year, I've been a leading Illinois Real Estate Broker. I became a top producer in 2015 and have been able to keep my title since. I'm the VP of the NAHREP (National Association of Hispanic Real Estate Professionals) Lake County Chapter. I have also been featured in Top Agent Magazine. With a large number of past transactions, I have become a well-regarded Realtor. I consider myself a professional and dedicated agent. I recognize and value the trust clients place in me and I strive every day to exceed their expectations. I established a strong reputation for integrity and for providing an exceptional customer experience that has my clients not only coming back to me but referring me to their friends and family as well. My business consists almost exclusively on positive referrals.

I strongly believe in providing a full-service experience and I pay attention to all the details. I'm always trying to think of everything a client could possibly need. This encourages me to develop strong relationships with vetted service providers whom I can recommend to my clients. I believe in having a network of business partners in my circle of trust. The journey can sometimes be long and bumpy, and I find my clients feel more comfortable if they are constantly being kept in the loop. Therefore, I provide constant and clear communication every step of the way. Everyone involved in the transaction is informed throughout the entire process. I truly feel blessed by the strong relationships I've built and maintained over the course of my career.

I'm actively involved in my community and I'm always looking for more ways to give back. I currently volunteer at a couple of nonprofit organizations. I provide educational classes for Waukegan To College (W2C), in efforts to bring awareness to parents in the community in their child's education. Their goal is to increase student enrollment in college by providing support to students. I also do a few events during the year such as donating projects like Reuse a Shoe. When I'm not working, I enjoy relaxing, watching movies and spending time with friends and family.

I'm excited to continue growing, both professionally and personally. I am very grateful for the opportunity to be able to help my clients achieve their real estate dreams. I am also touched by all of the wonderful messages and reviews I receive, it really lets me know that I'm making a positive impact on people's lives. I love what I do, helping make their American Dream a reality.
